East Aurora, NY 14052

Company Bulletin:

There has been some confusion recently with the status of quality management system certifications for our organization. As a matter of clarity, API Delevan has maintained and still holds all pertinent certifications with respect to ISO 9001:2015 and AS9100D. Another, completely separate, organization has had a lapse in their certifications.

The links to our ISO 9001:2015 and AS9100D certifications can be found on our website:

Please feel free to reach out with any questions.

Sincerely,

Ryan Evans
Product Line Manager
